City of Frisco, Texas

## Memorandum

**To:** Members of the Frisco Community Development Corporation Board of Directors

**Cc:** George Purefoy, City Manager  
Henry Hill, Deputy City Manager  
John Eaglen, Strategic Services Manager / Assistant to the City Manager

**From:** Richard Oldham, Public Art Manager

**Date:** January 21, 2010

**Subject:** Consider and act upon the application of B.F. Phillips Community Park, Phase 2 Project Funds to a public art project for the Warren Sports Complex

---

**Action Requested:** Request for funding for public art at the Warren Sports Complex.

**Background Information:** The Warren Sports Complex was constructed in 1999 prior to the implementation of the percent for art program. Of our large community parks Warren Sports Complex is the only one without public artwork. The public art program is requesting the use of CDC funds to commission a public artwork for The Warren Sports Complex.

**Alternatives:** Alternatives for the Board of Directors to consider include the following:

Option A

Transfer 2% of construction costs from phase II of B.F. Phillips Community Park along with additional funding from a select number of smaller (not CDC funded) parks projects to be applied to the cost of a work of public art at the Warren Sports Complex.

**Option B**

A similar approach to Option A but with addition funding from the CDC above the 2% from B. F. Phillips to make funding for Warren project more in line with what has been spent on artwork at other community parks in Frisco.

**Financial Considerations:** Option A allows for a budget of approximately \$75,000 for Warren Sports Complex, below the average of Harold Bacchus Community Park and B.F. Phillips Community Park. The average of these two parks is approximately \$136,000.

**Supporting Documents:** Proposed Parks Budgets 2010.
